**From Your President**

So much is happening in the Academy it's hard to know where to begin. We had a good spring semester and I hope the fall is great. We did our part enthusiastically to deliver unusual and interesting content.

We've read your comment sheets and really worked on being as responsive to you as we could. We hope our efforts will please you and that you will find all of our classes interesting and rewarding.

We are serious about our mission to provide educational and interesting programming for the adult community. We hope you will join us and support our efforts.

Please join us at our Open House on September 23 to get all the details about the fall classes. The Open House is an exciting time to see all of our former members and meet new members and instructors.

Remember, you get a 10% discount for bringing a new member into our family.

We have made some changes in class times, trips, and presenters. I think this semester will be interesting and I hope you do too.

Please feel free to call or email me with any questions you may have at: 740-544-5169 or iris.c213@yahoo.com.

Iris Craig

**REMINDER**

The \$50.00 per person (\$80.00 for married couples) membership fee entitles you to any and all classes. There is a 10% discount for enrolling a new member. As a bonus, you may bring a guest to one session of a 4 or 6 week class that you attend. A registration form is enclosed. Please bring it with you to the Open House or mail it to the address on the form with your check made payable to A.L.L.

**Fees are due before classes begin.**

**STUDENT ASSISTANCE FUND**

We will be holding a 50-50 raffle and Chinese auction at the Open House. The money raised is used to benefit a non-traditional student at FUS who is working toward a degree. This financial help has proven so valuable and life changing to those who have received it in the past. Your support of this worthwhile venture is greatly appreciated and encouraged.

The areas around the Ohio River, a tributary of the more famous Mississippi River, have been home to their share of spectacular legends. Once the gateway to the American West, the Ohio River Valley is better known today for economically vital cities like Pittsburgh and Louisville as well as pockets of rural and Rust Belt poverty. However, from graveyard ghouls to ancient prophecies, the towns and cities that dot the Ohio River Valley are awash in stories and campfire tales. Our classes will continue discussing the life, times, and legends of the Ohio River and how these facts, factitious mysteries, and legends, contributed to the rise and economic vitality of the region.
